Bill,

See attached. Its a little fuzzy, but FAA STC SR01490NY has been updated to add specific reference to the R44 II and to add the bigger bearpaw design.

Kim,

You should have the original on your desk.  
Please issue ECN. Kit paperwork should be updated to include this amended approval.

Hiya,

As per our conversation, please find attached the TC docs we spoke about. Originals have been put on Kim's desk. The DE authority extension for the Vancouver Police window is on its way by fedex today in the regular Calgary package, it's to your attention.

Let me know if I can do anything to help make it stop hurting.
